

# INFINIHACKS

---

**November 12-14**

**Virtual High School Hackathon**  
**[infinihacks.org](https://infinihacks.org)**

**TRANSPARENCY REPORT**  
**2021 - 2022**

*Revised: July 4th, 2022*

## EVENT OVERVIEW

The **48-hour hackathon** consisted of a series of workshops, activities, events, and challenges hosted by InfiniHacks. As our first-ever hackathon, we are proud of what all our hackers have accomplished in just 2 days!

From November 12, 2021, to November 14, 2021, more than **150 participants from 9 different countries** attended the hackathon. In total, participants created over **26 projects** that solve real-world issues and create an impact in the society we live in today.

## BUDGET

The 2-day hackathon was made completely free of charge to attend, thanks to the help of our sponsors! We raised over 2 000\$ for the prizes and hosting of the event.

## WORKSHOPS + MENTORS

InfiniHacks' first-ever hackathon was filled with exciting workshops and knowledgeable mentors, thanks to the support of our community.

We had 28 mentors and 7 workshop leads, all of whom were volunteers who contributed their time to help us run the event. Thank you to all the mentors and leaders who helped out!

# GENERAL OVERVIEW

## PARTICIPANTS

82      46      6      154\*

HIGH SCHOOL STUDENTS      UNDERGRADUATE STUDENTS      RECENT GRADUATES      TOTAL PARTICIPANTS

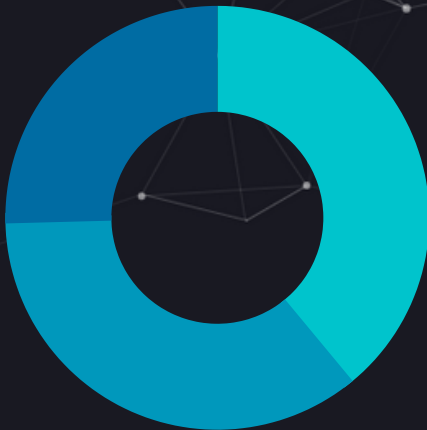

Infinihacks is proud to host a **diverse population of first-time and experienced hackers**. We are proud of how it turned out with nearly a **half-half split**. One area we could improve on is our female and non-binary representation. With just over 25% of the participant population, this will be a goal we will be working towards in future events.

### GENDER

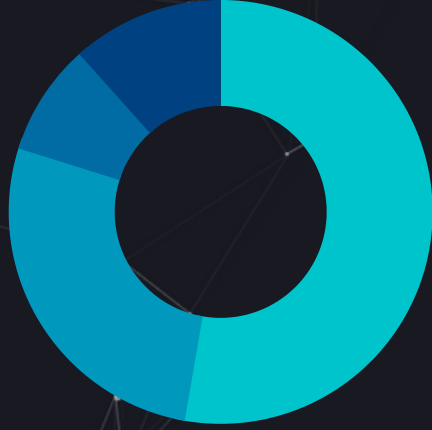

- Male (72.1%)
- Female (26.4%)
- Non-binary (1.6%)

### LOCATION

- International (39%)
- Canadian (35.6%)
- American (25.4%)

### HACKATHON EXPERIENCE

- First Time (52.7%)
- 1-2 Times (27.1%)
- 3-4 Times (8.5%)
- 5+ Times (11.6%)

# OUR EVENT

As part of our event, we offered participants **four tracks** on which participants could focus their projects towards. These tracks **guided hackers in creating projects that make a tangible real-world impact**. In total, our participants designed, implemented, and presented over **26 projects** targeting **education, automation, environment and healthcare**.

TOPICS TAUGHT

Another shoutout to our **workshop hosts** for creating **amazing lessons** for our participants! These include our **Intro to APIS Workshop**, **InfiniHacks x Courier Workshop**, **Turning Your Idea Into A Reality Workshop**, and **Intro to Artificial Intelligence Workshop**.

# THANKS TO OUR SPONSORS!

## **GOLD TIER**

## **SILVER & BRONZE TIER**

## **FISCAL SPONSOR**

**A huge thank you to our  
generous sponsors for making  
this event possible!**

*Thank you!*

Thank you to all the participants, organizers, volunteers, and sponsors for turning InfiniHacks into a reality! What started off as just an idea has turned into an initiative empowering students worldwide, allowing them to discover their Infinite Potential by building projects that impact their local communities. Thank you so much for all the support, and we can't wait to see where InfiniHacks takes us.
